RECEIVED-AUG 18 2005

Mr. Tom Christie
Polyfilms
530 Hyde Park Avenue
Hillside, IL, 60162

Dear Tom:

Effective September 15, 2005, NOVA Chemicals Inc. will increase the selling price for all NOVAPOL® and SCLAIR® butene and hexene based LLDPE, HDPE, and LDPE resins by seven cents (\$0.07) per pound. Our acceptance of orders prior to September 15, 2005 will be based on previous purchase levels and our ability to supply. No price protection will be provided.

In addition to the above referenced price increase, NOVA Chemicals will increase the selling price of all SCLAIR® and SURPASS® octene-based resins an additional two cents (\$0.02) for a total of nine cents (\$0.09) per pound effective September 15, 2005. This increase is in addition to the two previously announced increases of six cents (\$0.06) per pound, effective July 1, 2005 and August 1, 2005.

Current market dynamics, high operating rates, and ongoing plant outages and shutdowns necessitate this increase.

Should you have any questions regarding product availability, pricing, or current orders, please contact your local NOVA Chemicals' sales representative.

As always, we thank you for the opportunity to service your current and future polyethylene business needs.

Sincerely,

NOVA Chemicals, Inc.

Grant Thomson
Vice President, North American Sales
Polyethylene
